Rubik Cube could be a good example of how can so much fun fit in such a small cube, just as Nox Rubik.

Keeping this concept in mind, Nox engineers have developed a really attractive and space-saving MINI ITX chassis, Nox Rubik.
Mini ITX are taking a place growing fast as a trend in computer assembling standards and Rubik features all what's neccesary for an standard system, always keeping the aesthetic.

This chassis comes fully equiped so let's get the party started as Rubik features an 80mm Rear Nox Silent Fan and a 160Watts TFX Power Supply Included.

The funniest experiences, they all fit in Rubik.
